We encourage all to share on the weekly discussion topic but we also encourage fun and friendly cross talk and off topic discussions. We post a monthly Roll Call to maintain a current and accurate membership list and we are currently limited to 30 members. Personal criticism or antagonistic behavior will not be tolerated.

AA Action Is the Key

Action Is the Key

COVID 19 – Resources for North Central Massachusetts

We are an eclectic group of men and women in various stages of sobriety; some a few days, some a few months, some a few years, and some a few decades. We've all had different experiences and taken different paths, but we have all found our way here for the same reason. We accept that the key to sobriety is in taking the simple actions stated in the 12 Steps of Alcoholics Anonymous. Each week, a volunteer 'speaker' initiates a discussion based on the 12 Steps and 12 Traditions. We rotate through, one a week. Additionally, the 'speaker' will offer a discussion topic of their choice for members' thoughts. All members are encouraged to share their experience, strength, and hope relative to the topics that week.

In addition to those topics, members may also discuss whatever might be on their minds; a thought, a fear, a success, an anecdote, or just talk about how they're feeling that day. We enjoy lots of chat, cross talk, and clean humor. We take our sobriety seriously but not ourselves. We have great camaraderie, we like each other, support one another, and therefore, personal criticism of others or arguments is not tolerated. We are here to find serenity and sobriety, not conflict.

The only requirement to be here is a desire to stop drinking. Remember, Action Is The Key!

If this approach to sobriety appeals to you, and you are willing to share your experience, strength, and hope on each topic, each week, or if you have questions, please join us.

AA Firm Believers

We are a group of fun loving alcoholics who are serious about the solution that we have found by actively working the 12 Steps of Alcoholics Anonymous. We utilize the steps; we do not analyze them. We adhere to the Twelve Traditions and we have fun in the process.

Though sharing on the weekly topic is expected, we have a lot of fun-spirited crosstalk and off-topic discussions. Personal criticism or flaming of any kind is strictly prohibited. We look at Principles, not Personalities.

Atheist-AA

As atheists, we have experiences that are often disturbing to us, as when our opinions are criticized, when we ourselves are criticized, or when we simply get the cold shoulder.

COVID 19 – Resources for North Central Massachusetts

But we often have very positive experiences and opinions to express, not only with each other via group email, but in our local District meetings, and we often convey those to the group.

Our purpose never has and never will be to criticize members who have a faith in God, God-as-they-understand-Him, or in any form of higher power.

We merely need a place to talk to each other sometimes, to bounce ideas of other members who understand our experiences, strengths, and hopes in A.A.

We are an email group of men and women, an AA group that adheres to AA's 12 Steps, 12 Traditions, and 12 Concepts. The topic chair sends out a topic to all on Saturdays. Members respond during the following week. Discussion meetings on topics as they relate to alcoholism, Big Book passage discussion, and 12&12 passage discussion with a passage read on both Steps and Traditions that correspond to the month at hand.

Our purpose is to provide a supportive place for AA people to share on recovery. We adhere to The Third Tradition. Our group is limited to 40 members. Though sharing on the weekly topic is expected, or subjects that are within in that topic relating to alcoholism.

In adherence to the 7th tradition, we would suggest that the next time you are in a face-to-face meeting that you pitch in an extra couple of bucks for your online sobriety, or make an anonymous donation to OIAA to help defer the cost of their service to the fellowship of online alcoholics.

We look at principles, not personalities. Personal criticism or flaming of any kind is strictly prohibited. If you have decided you want what we have and are willing to share on a weekly basis, then give us a try.

Experience, Strength & Hope

"ESH is a group of alcoholics who have recovered from a seemingly hopeless state of mind and body who share throughout the week on a topic introduced each Sunday by a group volunteer.

Whether you're new to recovery, have been sober for decades, or anywhere in between - you are welcome to join us. One of the group's goals is to keep idle chat and cross talk to a minimum. Our collective experience, strength and hope is proof that this programme works."

Eye Opener

This is a full audio and video AA meeting, and takes place every day at 6:00 a.m. Pacific Time (UTC-7). You never have to create an account or give a name for yourself when you attend a meeting; just click the link and you're in. To accommodate growth, we now use Zoom.us, which provides better audio and video in larger meetings, but to facilitate daily maintenance of our spiritual condition in a small-group format, each Eye Opener meeting lasts just 30 minutes.

To attend, go to www.PortlandEyeOpener.org and click the image next to the words "we host a short web meeting every morning at 6:00. Click here to attend!" Then follow the instructions.

Indigenous Sobriety

COVID 19 – Resources for North Central Massachusetts

Our Spirit: Sober~Strong. This group has been set up to enable Indigenous/Aboriginal people who are sober from alcohol and other drugs to make contact and support each other. Our sober friends are welcome to join us too!

"Is it our right to drink or our responsibility to get sober? ... We already knew we each had rights as humans, to eat, to have love, and to have water but what was more important was our responsibility to help each other to survive, to look after ourselves with dignity, to look after our Elders, our dreaming sites and lands. How can we look after our land if we are drunk?"

The only requirement for membership is a desire to stop drinking. So if you are interested, join up and lets start talking!

VIII. Fees, Fines, & Court Costs

Persons who have been assessed fees, fines, or court costs, including probation supervision fees, in a Juvenile Court matter that are due between March 18, 2020 and May 1, 2020 may pay their fee or fine online through the e-pay portal that is accessible at www.masscourts.org. If a person is unable to pay such fee or fine through the e-pay portal, the requirement that such fee or fine be paid during that time frame is deferred until May 4, 2020 and Courts shall extend payment due dates to May 31, 2020. The deferment of such payment shall not operate to extend a person’s probation.

IX. Scope of Order

All Juvenile Courts remain open. The public is encouraged to continue utilizing the Court’s services subject to all applicable public health guidelines, including practicing social distancing of 6 feet.

Pursuant to Mass. R. Crim. P. 36, I find that the basis for this Order necessitating these temporary, emergency conditions and continuances outweigh the best interests of the public and the juvenile in a speedy trial. Therefore, the time periods of such continuances shall be excluded from speedy trial computations under Mass. R. Crim. P. 36.

To maintain consistency among the Divisions of the Juvenile Court, this Order shall supersede any administrative or scheduling protocols previously instituted by a Division of the Juvenile Court in response to the COVID-19 Virus.

This Order shall be implemented immediately and shall remain in effect until the close of the Court’s business on May 4, 2020. The provisions of this Order are subject to amendment and extension.

SCAMS

Cybercriminals and nation state-sponsored spies didn't take long to catch onto the coronavirus panic. Research released Thursday shows crooks and snoopers have been rapidly registering vast numbers of potentially-malicious websites and sending out masses of scam emails as they try to make money from the pandemic.

A report from cybersecurity company *Recorded Future* noted a significant rise in website registrations related to the COVID-19 virus, some of which it believes are being used to either pilfer information from recipients or infect them with malware.

Lindsay Kaye, director of operation outcomes at Recorded Future, specifically called out the following domains as potentially dangerous:

coronavirusstatus[.]space
coronavirus-map[.]com
blogcoronacl.canalcerro[.]digital
coronavirus[.]zone
coronavirus-realttime[.]com
coronavirus[.]app
bgvfr.coronavirusaware[.]xyz
coronavirusaware[.]xyz

Forbes also had Bernardo Quintero, founder of the Google-owned malware repository and anti-virus testing service VirusTotal, take a look at the domains reported by Recorded Future. He said the following websites also showed signs of malicious behavior, as they're being detected by anti-virus software:

corona-virus[.]healthcare
survivecoronavirus[.]org
vaccine-coronavirus[.]com
coronavirus[.]cc
bestcoronavirusprotect[.]tk
coronavirusupdate[.]tk

- Law Enforcement and the Red Cross advise there are people in some areas going door to door saying they are authorized to do "home testing" for the Corona virus. THIS IS NOT TRUE. When permitted, they do the PRETEND TEST and charge for it or rob you.
